- Russian: Intermediate
- English: Intermediate

Summary

Enthusiastic and motivated IT student at the National Polytechnic University of Armenia, Gyumri branch, with a strong interest in DevOps and Cloud Engineering. Skilled in Python (OOP), Linux, and Bash scripting, with practical experience using tools like Git, GitHub Actions, Docker, and Jenkins for automation and CI/CD workflows. Knowledgeable in AWS cloud services and infrastructure as code using Terraform. Quick learner with a passion for technology, looking to apply and grow technical skills in real-world IT and DevOps environments.

Professional Skills

- Version Control : Git, GitHub
- OS & Shell : Linux OS, Bash scripting
- Programming : Python (OOP)
- CI/CD & DevOps Tools : GitHub Actions, Jenkins, Docker
- Cloud Platforms : AWS
